Pangea Net is an international network of independent law firms founded in 2009 and our firm was one of three firms attending as a candidate member firm of the network. Pangea Net operates on the basis of one member law firm per country so as to ensure a high degree of close personal contact between each of its members. All applications to join Pangea Net are carefully considered by Pangea Net's executive board, and new member firms are only admitted if they meet the network's pre-defined membership criteria.
